We invite you to call us with questions.
We are available 24 hours a day.

Hazelden, a national nonprofit organization founded in 1949, helps people reclaim their lives from the disease of addiction.

Addressing Concerns Together

Who should attend?

- People who are questioning their own use of alcohol/drugs
- People who are interested in learning more about addiction, treatment, and recovery
- People who want more information about admission to treatment
- People who are wondering how to help someone who needs treatment

The first hour will be focused on recognizing signs and symptoms of addiction, understanding treatment, and helping someone get into treatment. There will also be an opportunity to ask questions.

After the presentation, a clinical case manager will be available to do an intake assessment or answer questions regarding the admission process at Hazelden for those that are interested.
