

# **You are Invited!**

## **On behalf of MCTC's Student Clubs:**

**Addiction Counseling Club**

**Students Against Hunger & Homelessness**

**Student Veterans of America**

### **Operation Recovery is a National Recovery Month Event**

**The student population of returning Vets is swelling. These Vets often face challenges upon reintegrating to civilian life. These challenges include, mental health, housing, and chemical issues. We want to focus on RECOVERY by sharing stories of success, from addiction, homelessness, mental or physical barriers. We will have service providers on site to provide assistance and support. In addition to that we will be opening with a flag raising ceremony. There will be a DJ, Airbrush Tattoos, Speakers, Art, Drawings, & Fun. We are collecting gift cards for grocery stores, fast food places, Target/Walmart etc. We are also collecting school supplies for College age students. All donations will benefit the 300+ homeless students that are currently enrolled @ MCTC. We want to spread the message that recovery benefits everyone as well as sharing hope, encouragement, & resources.**

**We need service providers to set up booths and provide information on your services or resources information that you can be of assistance with.**

### **Will You Be There?**
